REPORT ON SYLLABUS UPGRADATION WORKSHOP

The success of Undergraduate Zoology Education lies in the hands of the teachers in designing an effective curriculum and its implementation to cater the diverse needs of students. There is a greater emphasis on raising current standards of zoology curriculum to make it more relevant for career requirement and also in line with international standards. In this regard UG Zoology Board of studies planned to organize a syllabus upgradation workshop for Zoology faculties of Kuvempu University. In this regard, Department of Zoology, DVS College of Arts and Science and UG Board of studies organized a syllabus upgradation workshop for zoology faculties of Kuvempu University on 6-12-2019 prior to the workshop a meeting was scheduled on 1-12-2019 to discuss about the objectives of the workshop.

The workshop was organized to improve the curriculum and facilitates the knowledge to the students and also among the faculty members of Zoology Board. The workshop was inaugurated by Chief Guest Dr. Mookappa Naik, Principal LB and SBS College, Sagara, and he talked and gave necessary input in framing competent syllabus for UG Zoology. The workshop was presided by Prof S. K. Chandrashekara, Principal DVS College of Arts, Science and Commerce and he wished for the success of the workshop.

There are about sixteen zoology teachers from various colleges affiliated under Kuvempu University registered and actively participated in the workshop. In the morning session III and IV semester UG Zoology syllabus was discussed and it was upgraded.

M. V. A. 60

Principal
D.V.S. College of Arts & Science
Shimoga.

And Dr .Mookappa Naik, Chief guest moderated the discussion session.

In the afternoon session restructuring V and VI semester UG Zoology syllabus was discussed and newly introduced III, IV and V semester Zoology' Syllabus upgraded through rigorous discussion.

After the completion of the workshop a valedictory program was held which was presided Dr. H T Krishnamurthy, Principal, DVS College of Arts, Science and Commerce College and the certificate was distributed by among the registered teachers of the workshop. The resource person was felicitated by the workshop Coordinator Dr.Geetha. Around sixteen teachers from various colleges actively participated andrew the benefits from this course.

Report of the programme

Changing Institutions and Values in
Contemporary India

On 17/12/2020 Department of Sociology with the association with IQAC had organized a state level webinar on "Changing Institutions and values in contemporary India"

Resource Person, Prof. Vignesh N Bhatt had given a priceless information about the topic of the day which is as follows.

What Independent India is doing is a continuation of what was began during British rule. But only an Indian Government can bring about successfully the economic, political and social revolution which was begun, perhaps not deliberately, during British rule.

For the First time in their history, educated Indians are beginning to realise that the poverty of the Indian people is

not inevitable and that, given the determination it can be wiped out.

The changes which social institutions and values are undergoing will affect everyone and especially the Hindus as Hinduism is dependent on institutions which are changing in important ways. This is a matter of concern because it is necessary to provide the younger generation with a sense of purpose and of values.

Then he said that equating the western world view with the scientific or rational world view and this is not quite legitimate. The western world view is clearly more scientific and technologically advanced western countries excluding Russia.

Then he said about the 'promise of progress' with the third Five year plan, India enters the most momentous decade of her development. Today's battlegrounds are in the steel works and mines, the very foundations of our economic growth.

In the shipyards, the aircraft factories and the locomotive works that help us to meet our transport needs; in schools and institutions where the new techniques of industry are assiduously acquired and imparted in the hospitals where life is so often triumphant because it is aided by science.

It was an useful and informative program - me, for students and every student who attended this was benefited with something or the other.

113	Mr	DIVYARAJ S	Student	SHUATS, Prayagraj	Uttarpradesh	India	divyarajhorthi@gmail.com	8277476149	Excellent ...
114	Dr.	Sunita Verma	Assistant Professor	CSJM UNIVERSITY Kanpur	Uttar Pradesh	India	sunitaverma2k11@gmail.com	09415479748	Good
115	Miss.	Bhavana AR	Student	Sahyadri Science College Shivamogga	Karnataka	India	bhavana092018@gmail.com	9449679012	Both presentation were very informative and interesting on their own way. First was on the technology used by a scientist for the betterment of the society in developing the new food Verity and conserving biodiversity as well. The second was about the struggle and the effect of natural dessorer on nature and it's habitants which is a mirror image of present situation. Both were very interesting and I enjoyed and learned many things in this webinar. It must've been best if two more talks were included.
116	Mr.	N. KUMARA SWAMY	Assistant Professor	DVS college of Arts and Science	KARNATAKA	INDIA	kswamy.kumar@gmail.com	9480338248	Excellent <input type="checkbox"/> presentation by both the speakers. Topics
