ONE-DAY NATIONAL LEVEL WEBINAR

IN COLLABORATION WITH

DEPARTMENT OF PG STUDIES AND RESEARCH IN LIBRARY AND INFORMATION
SCIENCE, KUVEMPU UNIVERSITY, SHANKARAGHATTA, SHIVAMOGGA

On 27.09.2022, Tuesday

-: WEBINAR THEME :-

"ISSUES AND CHALLENGES OF KOHA IN-OUT MANAGEMENT SYSTEM"

Preamble

"Koha In Out Management System" is designed in php framework which works along with koha software. This Koha plugin is developed by Mr. Omkar Kakeru who is the CEO of play tech software company. Fortunately, he got an assignment to develop a Gate Entry software for koha when he was studying B.E in Computer Science in Marata Mandal Engineering College, Belgaum. Initial stage, he developed In-out Management software with a lot of bugs. But he got valuable feedback from librarians and other professionals to improvised the version. Recently, he released an In Out Management System v5.2 which is bug free and user friendly.

We need to learn more about the application of this software directly from the person who has developed it. Therefore, we propose to organise webinar. This webinar is jointly organised by DV'S College of Arts Science and Commerce, DV'S Evening College, Shivamogga in collaboration with Department of PG Studies and Research in Library and Information Science, Kuvempu University on 27-09-2022.

The resource person is none other than the software developer Mr. Omkar Kakeru who would provide live demonstration about installation of In Out Management System v5.2 on Linux platform. This webinar creates ample opportunity for live discussion and interaction with the resource person regarding In Out Management Software and issues related to M.ARC record import also.
