## **“OPEN EDUCATIONAL RESOURCES FOR ACADEMIC EXCELLENCE”**

### Preamble

*In the context of NEP 2020, it has become all the more indispensable to focus on **Open Educational Resources for Academic Excellence**. It is true that institutions create platform for individuals to perform. But, it is these individuals who are responsible for creating status under recognition to the institution that they represent. With the introduction of NEP 2020, many challenges have been thrown open to academicians in the institutions.*

*Open educational resources are teaching, learning and research materials intentionally created and licenced to be free for the end user to own, share and in most cases modify. OER are helps to reduce accessibility barriers by implementing best practices in teaching and to be adopted for local unique contents. This is an excellent opportunity for all academics to learn about the use of educational resources. Many people are unable to offer educational resources due to licencing and financial constraints. As a result, the concept of Open Educational Resources arose to assist academics.*

*This can become a reality only if academicians in the institution are committed to the promotion of betterment of students. The faculty members have to become more pro-active and update their knowledge and teaching techniques by using OER. This has to be a perennial activity. As a result, faculty members have to engage themselves in innovation, research and consultancy. They need to be guided properly in this direction to attain skills of Open Educational Resources for their Academic Excellence. Hence, this seminar.*

## REPORT ON THE PROGRAM

# INTERNATIONAL SEMINAR ON APPLICATIONS OF MATHEMATICS IN EINSTEIN THEORY OF RELATIVITY

Organized by Department of Mathematics under Aegis of IQAC

On 13-07-2023.

### I. Introduction:

In association with IQAC and support of the Management of Desheeya Vidyashala Samithi (R), Shivamogga from the department of Mathematics, DVS College of Arts, Science and Commerce, Shivamogga we have organized "International Seminar on Applications of Mathematics in Einstein Theory of Relativity" on 13/07/2023, Thursday at 10.30am in Singara Sabhanagana.

As we know that Mathematics is not only a subject, but also part of our life. The great Mathematician also called Human Computer **Shakuntala Devi** said: "Without mathematics there is nothing you can do, everything around you is numbers". Mathematics makes analytical and logical thinking among students via problem solving techniques, the more we do it, the more it increases human mental ability.

Mathematics can be defined as a field deals with numbers, symbols and alphabets used to represent quantities, relationships in both real world and imaginary problems. It also called as universal language, it included in all theories, laws and models. We need mathematics to study anything in nature from the smallest particle to the largest galaxy. Mathematics is the study of quantity, structure, space and change. It has been a part of human culture since ancient times and its importance continues to grow today. Mathematics has lot of applications in different areas such as Science, Engineering, Finance and many more. **Einstein** said that "Mathematics is the poetry of logical ideas". With his ideas and depth knowledge of mathematics he developed theory of relativity in 1905. Relativity theory describes how objects behave in space and time, study of behavior of planets, used to identify things like black hole, etc.

In this regard, department of mathematics aims to instill every student a positive attitude towards mathematics and aims to encourage students to become accurate, efficient and flexible

problem solvers. Has objective to provide knowledge and understanding of mathematics basics as well as research.

With respect to these things, we have organized International Seminar and invited Mathematics Professors, research scholars, B.Sc. and M.Sc. students of all Universities and colleges in India and abroad to give knowledge addition regarding applications of Mathematics in Einstein theory of relativity in hybrid mode of both Offline and Online.

## II. Inaugural Program

In the inaugural program Swetha B. M. and Nanditha A., Asst Professors, Department of Mathematics started anchoring and started program with invocation song by 3<sup>rd</sup> B.Sc students Sanchitha Jois and Ananya Bhat. Then Dr. Chandru K., HOD, Department of Mathematics given introductory remark and welcome all the dignitaries, Chief Guest, students and all participants in both offline and online to the program. Then Chief patron of DVs Management Sri K. N. Rudrappa Kolale, President, DVS Management inaugurated the seminar and expressed inaugurakl address. Then Chief Guest Dr. Zohreh Nekouee from Sazvar Alley, Kosh Street, Tehran, Iran speaks few words about opportunities in education and research. Then Dr. A. Sathishkumar Shetty explained importance of education along with values and instructed audience to have a high aim to become international researcher, scientist. Sri B. Gopinath advised students to practice discipline and interact with resource persons to get more knowledge.

In the inaugural program we have distributed certificates for the 1<sup>st</sup> and 2<sup>nd</sup> place winners of mathematics quiz competition. Then the resource person felicitated by the management members. And Dr M Venkatesh, Principal, DVS College of Arts, Science and Commerce in his presidential address explained importance of mathematics in the research of various fields and quoted Einstein words Mathematics is the poetry of logical ideas and highlighted important innovations in relativity. Finally Mr. Mallikarjuna A. N., Assistant Professor, Department of Mathematics expressed vote of thanks to all the dignitaries and participants.

## III. Seminar Sessions:

After the stage program, Resource person Dr. Zohreh Nekouee started the lecture on Applications of Mathematics in Einstein theory of relativity. In the beginning she given introduction to the development of fields such as calculus, geometry, differential geometry, Riemannian geometry, Finsler geometry, etc. Then explained fundamentals of theory of relativity, derivation of Einstein field equations, gravitational field, etc with the animations. Further, she covered some of the interesting results of the current research filed and motivated participants to involve in research.

M. Venkatesh  
Principal  
D.V.S. College Of Arts & Science  
Shimoga.

In the second session Dr. H. M. Manjunath, Assistant Professor, Department of Mathematics, GFGC, Honnali explained application of Finsler geometry in theory of relativity. He explained interesting examples of theory of relativity, warm hole, black hole and current experiments on magnetic waves, Einstein field equations, etc.

Finally, resource persons discussed with participants and answered to student's questions.

#### IV. Valedictory Program:

In the valedictory program Sri Mallikarjuna A. N. welcomed the delegates. Principal Dr. M. Venkatesh distributed certificates to all participants. Dr. Chandru K., HOD of Mathematics expressed thanks to Management, Principal and resource persons. Then extended thanks to all teaching & non-teaching staff, participants joined by both offline and online mode. Also expressed thanks to all students and media persons. After the sessions resource persons and participants visited Mathematics Lab.

## LETTER OF THANKS

Dear Madam,

On behalf of D.V.S. College of Arts, Science & Commerce, Desheeya Vidyashala Samithi(R), Shivamogga, Karnataka, INDIA, I am really grateful to you for paying attention to our invitation and offering us Special Lecture in the "**International Seminar on Applications of Mathematics In Einstein Theory of Relativity**". It was a sheer joy for all faculty members and students to hear you speak and learn from your life experiences.

I would like to extend my sincere gratitude towards you for *delivering a very informative and interactive talk on the topic of "Applications of Mathematics in Einstein Theory of Relativity"* organized by the Department of Mathematics, D.V.S. College of Arts, Science & Commerce, Shivamogga, on **13<sup>th</sup> July-2023**.

We really appreciate your efforts to spare some time from your schedule to guide our students. Your valuable sharing of your experience in the field of *Mathematics* will go a long way to help and guide our graduating students to prioritize their objectives and achieving the goal of their life.

I am expecting your blessings to our students in future also. It will be our pleasure, if you can plan for a visit to our campus in future.

Thanks & Regards,

**Dr. M. Venkatesh,**

## Report on One Day National Webinar

Date: 27.09.2022

### Topic: Issues and Challenges of Koha Inout Management System

One day National Webinar on the topic **Issues and Challenges of Koha In-Out Management System** was organized jointly by Inter Quality Assurance Cells of DVS College Arts, Science and Commerce, Shivamogga, DVS Evening College Shivamogga and in collaboration with Department of PG Studies and Research in Library and Information Science, Kuvempu University, Shankarghatta, Shivamogga. This Webinar was held on Tuesday 27.09.2022. Dr M.Venkatesh, Principal DVS College Arts, Science and Commerce, Shivamogga supported the webinar in the capacity of webinar director and provided required assistance to organize this webinar. Along with his staff he was present throughout the webinar and supervised all activity. The principal of DVS Evening College, Shivamogga and Staff members also took part in the webinar.

The Principal of Evening College Dr. A.T. Padme Gowda from Shivamogga welcome and gave introductory remarks about webinar and highlighted the salient features of Colleges hosting the webinar. Prof. Niranjana.K General Secretary of the webinar from the department of Library DVS College Arts, Science and Commerce delivered the inaugural address and Manu S. Murthy, Local Secretary made all technical arrangement for this webinar. The president of the webinar Prof. M. Venkatesh, Principal of host DVS Arts, Science and Commerce College, Shivamogga delivered the presidential address.

The Chairperson for this webinar was Dharani Kumar P, Chairman, Department of PG Studies and Research in Library and Information Science, Kuvempu University, Shivamogga (D). and he express his views on Koha In-Out Management System. The Resource person for this webinar was Mr. Omkar Kakkeru, Founder PlayTech, Belagavi. The Speaker explained in detail about the need for acquiring Koha In-Out Management System in Libraries. He given live demonstration about Installation Koha In-Out Management System in Linux Platform. Many participants asked about error occurred while installation process. Resource Person cited the where the errors normally happens and suggested many solutions for the same. After the installation process, he demonstrated user interface of Inout Management. Eventually, he mentioned about MARC record import in the view of single title with multiple volumes. He suggested the some solution to participants.

Mr. Niranjana K, Librarian DVS Arts and Science College, Shivamogga and Dr. Sridhar, Assistant Librarian, Library and Information Center, Kuvempu University, Shankaraghatta, Shivamogga were involved in interaction with the guest speaker. It was a fruit full and purposeful exercise. In the process, Omkar Kakkeru called for integration among institutions at different levels to further update and upgrade the goals of Koha Inout Management System. Vote of thanks was proposed by Dr. Shridhar, Assistant Librarian, Library and Information Center, Kuvempu University, Shankaraghatta, Shivamogga. He expressed his sense of gratitude to **Desheeya Vidya Snaia Samithi (R.), Shivamogga** for its support, Mr. Omkar Kakkeru for his inspiring presentation Dr. Dharani Kumar P for his value addition, the IQAC units of host colleges and the participants for being a part of this wonderful webinar. He also expressed his gratitude to the Principal DVS Arts, Science and Commerce College and Principal, DVS Evening College, Shivamogga. Google forms for registration and feedback form were circulated for registration and procurement of certificate. The total number of participants was 129.

## ONE-DAY NATIONAL LEVEL WEBINAR

IN COLLABORATION WITH

DEPARTMENT OF PG STUDIES AND RESEARCH IN LIBRARY AND INFORMATION  
SCIENCE, KUVEMPU UNIVERSITY, SHANKARAGHATTA, SHIVAMOGGA

On 27.09.2022, Tuesday

**-: WEBINAR THEME :-**

### **“ISSUES AND CHALLENGES OF KOHA IN-OUT MANAGEMENT SYSTEM”**

#### Preamble

“Koha In Out Management System” is designed in php framework which works along with koha software. This Koha plugin is developed by Mr. Omkar Kakeru who is the CEO of play tech software company. Fortunately, he got an assignment to develop a Gate Entry software for koha when he was studying B.E in Computer Science in Marata Mandal Engineering College, Belgaum. Initial stage, he developed In-out Management software with a lot of bugs. But he got valuable feedback from librarians and other professionals to improvised the version. Recently, he released an In Out Management System v5.2 which is bug free and user friendly.

We need to learn more about the application of this software directly from the person who has developed it. Therefore, we propose to organise webinar. This webinar is jointly organised by DVS College of Arts Science and Commerce, DVS Evening College, Shivamogga in collaboration with Department of PG Studies and Research in Library and Information Science, Kuvempu University on 27-09-2022.

The resource person is none other than the software developer Mr. Omkar Kakeru who would provide live demonstration about installation of In Out Management System v5.2 on Linux platform. This webinar creates ample opportunity for live discussion and interaction with the resource person regarding In Out Management Software and issues related to MARC record import also.
